

STUDENT CAMPING CHECKLIST FOR BIOL322: EXPERIMENTAL FIELD ECOLOGY

Mandatory items

Course equipment

- FIELD NOTEBOOK and appropriate writing utensil (see Field notebook lecture)
- Camera

Camping equipment

- Sleeping bag
- Tent
- Illuminative device (flashlight, headlamp, etc.)

Clothing

- Appropriate footwear (i.e., boots, socks)
- Bottoms (pants)
- Light-coloured tops (one short sleeve, one long sleeve [dress shirts from thrift stores are perfect!])
- Jacket or sweatshirt
- Hat (with brim to reduce solar radiation)

Personal care

- Medication (if applicable)
- Toothbrush
- Toothpaste
- Water container for carrying and drinking (e.g., bottle, Camelback)

Discretionary items

Course equipment

- Knife
- Utility tool
- Binoculars

Camping equipment

- Sleeping pad
- Pillow
- Comfortable shoes for hanging out around camp
- Camping chair
- Beanie (hat; to keep your head warm at night)

Personal care

- Sunscreen
- Lip balm
- Extra personal care products (Note: smelly things like perfumes, colognes, lotions, etc. attract animals and we advise against it)
- Insect repellent

Miscellaneous

- Snacks (if you eat a lot)
